using the best three fish of all team members fish but also weigh in individuals since Austin Reel Bass Club tracks that way too. We will need to weigh individual teams first and record then each team picks the best three collectively and weigh in against the tournament with Cowboy Church where payouts will occur. The Team weight would simply be our best 3 to compete against Cowboy Church teams since they do not track individuals. We weigh in our individual bags with our scales then go over to Cowboy scales with our best 3 for the team.

Tournament Rulebook

last modified Monday, December 04, 2006

(1) Rules Changes:

The following rules shall remain unchanged throughout the events, but the Tournament committee (board of directors) shall have the right to make changes for safety considerations. All decisions of the board of directors (by simple majority vote) are final in all matters.

(2) Participation & Eligibility:

Anyone who is a member in good standing with AUSTIN REEL BASS CLUB. A club member may fish in a tournament with an invited guest or alone providing that no member of the club wishing to fish will be prevented from fishing. This may not apply to draw tournaments.

(3) Alcoholic Beverages:

The consumption of alcohol, illegal drugs, and/or mind-altering substances (except medication prescribed under a doctor's care that will not impair the operation of a boat) is prohibited at all Austin Reel Bass Club functions, and all other functions at which membership is representing Austin Reel Bass Club.

(4) Sportsmanship:

Any contestant who displays poor sportsmanship or brings unfavorable publicity to the sport of bass fishing will be disqualified and shall forfeit points. This will be brought by tournament director to the Board of Directors for action if necessary.

(5) Boat & Motor:

All boats and motors must meet all U.S. coast Guard and State regulations. No motors shall exceed the BIA rating for that boat. All boats must have a working kill switch unless the boat was not originally equipped and an adequate aerated and working live well.

(6) Safety:

A U.S. Coast Guard Approved chest type life preserver must be worn and fully fastened by all boats members at all times that the combustion engine is in operation and the kill switch must be attached to the operator unless the boat was not originally equipped.

(7) Emergency/Leave Early:

If a contestant or team wishes to leave the lake prior to weigh-in, that contestant **MUST** notify the tournament director or a tournament committee member, leave a note at the designated check-in area, or notify another tournament contestant that will be present at the weigh-in. This is a safety requirement we all should adhere to.

(8) Tackle & Equipment:

All fish must be caught in a legal and sporting manner on artificial lures. No trolling with the combustion engine or snagging of fish is permitted. Trolling motor may be used for boat positioning only. No live or prepared bait is permitted with the exception of pork rind. Only one rod may be used at one time. A cast must be fully retrieved before another rod is picked up. Only rods shorter than 8 feet in length may be used. Nets will be allowed

(9) Protests:

All protests must be submitted in writing to the tournament director or any tournament committee member within 15 minutes of the final weigh-in.

(10) Teams: (Standard tournaments)

Teams will consist of two members or a member and a guest who pair together under mutual agreement. There is no limit to the number of tournaments a pair can fish together other than draw tournaments. Both members and guest must have signed the waiver of liability to compete. The pairing must contact the tournament director prior to the start of the tournament for the points to count. Members must have dues paid for the year for points to count toward top six. Guests are allowed to fish twice a year without dues, but points don't accrue until dues are paid. Tournament Director may ignore guest limit to create equal teams if a guest is available.

(10.1) Teams: (Draw tournaments)

Non-boaters and boaters will notify the tournament director of their intention of participation previous to 6:45 pm of the meeting prior to the tournament. **There will be few to no exceptions to late requests of participation unless approved by the tournament director and in the interest of helping pair fishermen.**

A member may choose to fish with a minor and not be included in the draw. This covers a member related to minor OR a member not related to the minor. If the member is not related to the minor then that is solely a decision between the minor's parents and the club angler and not related in any way to ARBC. This "few to no exception" rule is simply to ensure all fairness in draw tournaments so that no potential abuse to the draw system occurs. The

members name will be placed in the appropriate draw box or computer draw. During the meeting a boater will be drawn then a non-boater will be drawn until the boater box is empty. If available a computer draw can occur whereby those wishing to fish can be drawn by computer in the witness of the club at a meeting but if no meeting occurs before tournament by at least another club member as witness. If there are more boaters than non-boaters the remaining boaters may fish as boater, chose to be non-boater, or invite a guest to fish in ARBC tournament as their non-boater tournament partner. In the spirit of club friendship/fairness please ensure that your guest is not a licensed guide on lake you are fishing on or some other professional fisherman that derives more than 60% of their income from fishing. This guest option to boaters not picked in draw shall not supersede a club member that wants to fish in an ARBC tournament and has no partner and wants or is a non-boater. An effort to have enough boaters will be made if non boaters out number boaters, so contact the director as early as possible. Both participants must have a written waiver of liability signed. Members must have paid dues to have points count for top 8.

(10.2) Special Situations:

Fellowship is the overriding rule of the Austin Reel Bass Club. Special circumstances may arise which require three to a boat or a member to fish alone. These will be allowed only with tournament director approval prior to the beginning of the tournament and with no protests filed. It is incumbent on each member to notify the tournament director if they cannot fish a tournament after having been selected; If the member is a boater it is also their responsibility (with assistance of the tournament director) to find their partnered non-boater a ride. The tournament director will assist in the goal of everyone being able to fish who desires to fish.

(11) Lake Selection:

Lake selection shall be voted on a monthly basis in the month prior to that tournament. **Combined Tournaments with Cowboy Church may override the Lake Selection.** It should be the 1st Monday monthly meeting in the month prior to a tournament and should include Lake, weigh-in location, and tournament time. For example, in March we will vote as a club the April tournament. Time of tournament, time and place of weigh-in will be decided at the monthly meeting with the Tournament Director presiding over this portion of the meeting. Special circumstances may arise where it is necessary for the Tournament Director to change any of the above. The 2nd place lake during voting shall also be recorded and deemed officially the backup lake should fishing not be deemed safe on the primary voted in lake (deemed unsafe by tournament director). If the backup lake is chosen due to a decision by the Tournament Director then the board and the Tournament Director shall change the weigh-in location leaving the previously voted in hours of the tournament in place.

(12) Officials:

All contestants are required to cooperate with all requests from all tournament committee members on and off the water.

(13) Official Check-in:

Contestants may launch from anywhere on tournament waters, and trailer or come by water to the designated weigh-in.

(14) Rules Infractions:

Tournament Director shall have the sole responsibility for disqualifications and forfeiture of points for tournament infractions.

(15) Tournament Guidelines:

A. All tournaments of Austin Reel Bass Club shall be catch-and release format. Austin Reel Bass Club declares itself a catch-and- release club for all purposes. Dead fish is defined as not likely to live and is up to the tournament director's discretion.

B. Tournament fees shall be paid at or prior to weigh-in.

C. Tournaments are to be on the first Saturday of the month (unless a major holiday conflicts with this Saturday) excluding any traveling tournaments. The tournament schedule approved for the year shall not be changed during the year, except at the Tournament Director's recommendation per some safety issues to the Board of Directors for a vote by simple majority. This decision is final. During that vote the Board of Directors (of which the Tournament Director is a Board member) it shall be determined whether that tournament can continue at a later starting time for safety reasons or cancelled all together. If a later starting time cannot be safely accommodated, the tournament shall be canceled and not be made up.

D. State, Federal and local game laws will be obeyed at all times.

E. Lake rules pertaining to restricted areas as marked will always be observed.

F. Only largemouth, Kentucky spotted, Guadalupe, or smallmouth bass may be weighed.

G. A Club Limit is considered to be five fish bass family per person per weigh-in. (or three for combined Cowboy Church Bass Clubs tournaments) Teams may not pool their catches. The Club Limit can be changed at the discretion of the

Tournament Director but shall never exceed the local or state regulations for that lake.

H. Each participant shall keep his fish separate to facilitate individual point scoring but cash awards shall be awarded by team total.

I. When a bass is caught it is to be measured immediately using the current measuring method prescribed by law (The Pro Rule Stick will be the official tournament measuring board). Once its length has been determined:

(1) All fish must measure 14 inches (only 14 inches min. for combined with Cowboy Church Bass Club tournaments) or longer or 10 inches for Guadalupe/Spotted Bass species (or 10 inches minimum for a paper tournament). Local lake regulations may supersede these fish size restrictions. The tournament director shall arbitrate any questions as to fish species. Such a fish will be referred to as a "Keeper" fish. All other fish are to be immediately returned to the lake. On exception to the size limits for weigh-in fish will be lakes with slots or creel restrictions. If that is the case those local lake laws prevail. This does not pertain to paper tournaments on those lakes.

(2) On some area lakes where there are slot limits, a paper tournament which utilizes TPWD weight estimates based on length of fish shall/may be conducted. In this case a minimum of a 10 inch fish can be weighed on paper tournament. Only largest five fish weights can be entered for tournament. For Big Bass of the Year consideration the fish must be larger than 5 pounds (physical weight; not paper weight value) and must be a legal "over the slot" fish to bring to weigh in and then it must be released. For Big Bass of Tournament paper weight alone is okay.

(3) Culling is permitted. Should a member already have in his possession a legal limit of Keeper fish and then catch another fish of keeper size which is larger than the smallest fish in his live-well, he can return the smaller fish to the lake and put the larger fish in his live-well. In accordance with newer and fish friendly tournament rules no dead fish can be culled. Failure to comply will result in disqualification of that tournament.

J. At weigh-in time the member will present all Keeper fish in his possession to the Tournament Director. The Tournament Director will weigh the fish presented to him and assistant or Secretary will record the number and weight of those fish.

K. Due to safety concerns with boats coming and going at ramp areas no fishing shall occur within the greater of the ramp no wake buoy area or 200 yards of ramp in any directions within the following time periods:

1. 30 minutes after start of tournament time.
2. 30 minutes prior to end of tournament time.

3. Fishing in any other timeframe other than described above where legal by state local regulations is permitted.
4. Disqualification may occur at the tournament director's discretion only.

L. If a team has keeper fish to weigh, one member of each team must be present at the weigh-in to qualify their team's catch. If a team has only paper fish to weigh and must leave a tournament early it is their responsibility to get their tournament results slip to the Tournament Director.

O. The non-boater should pay their own tournament fees (currently \$20) and the boater is expected to pay his own share of tournament fees (also \$20) and it is customary that non-boaters pay half of the boater's cost per day to the boater for operating expenses (\$30-\$40 is suggested per day). Certain cases may require pairs to work out other arrangements.

P. The Tournament Director is the final arbiter of disputes at tournaments.

Q. Traveling tournaments can be voted on to lakes inside Texas and should not exceed three per year. In addition they must be voted in on non – draw tournament months. This can be changed if traveling tournaments are voted on and a draw tournament is agreed upon for that traveling tournament or any combination where the club votes on the change.

(15) Scoring:

A. Each pound of bass caught during a regular club tournament will be recorded and maintained in a separate standing chart and shall be used as a tie breaker in the event of a tie for any of the top six places.

B. Points will be awarded according to place finished in a regular club tournament.

The point system for place finished will be as follows:

1st Heavy Stringer 100 pts
2nd " " 99 pts
3rd " " 98 pts
4th " " 97 pts
5th " " 96 pts
6th " " 95 pts ...

and so on until the final place is awarded.

C. If an angler does not catch a fish he will receive 7 points less than the lowest finishing stringer.

D. No points are awarded for not fishing a tournament.

E. 1 point is awarded for each regular club meeting.

F. Though points are tallied and maintained as the year progresses, for final year-end standings, each participant is allowed three (3) throw aways/drops whether they fish that tournament or not.

(16) Penalties:

A. Dead Fish: 0.25lb penalty for each dead fish weighed in.

B. Illegal Fish: Bass presented at weigh-in, which is an illegal fish by the State of Texas laws for the tournament waters, shall be penalized 1 pound per illegal fish and those illegal fish shall not be weighed in with the remaining legal fish weighed in minus the 1 pound deduction per illegal fish. (Courtesy check is allowed if requested to tournament director and must be requested before fish are presented for weigh-in).

C. Tardiness: A penalty of 1 pound per minute will accrue up to 15 minutes. After 16 minutes no weight will be allowed, contestant will receive his "no fish/participation points" though. You must be in eyesight of the tournament director at the boat launch or wherever the weigh-in is.

(17) Off Limits: There are currently no off limits periods for any tournament whether traveling or local.
